# RPZ-OPTO

## TECHNICAL DATA SHEET

### RPZ-OPTO Automatic Palletizer

The RPZ-OPTO palletizing solution was born out of a need for manufacturers that are challenged with limited space. Configurable pallet handling modules eliminate the need for frequent operator intervention, reducing labor costs and increasing productivity rates.

#### KEY FEATURES

- Modular Designs
- Flexible Tooling Options
- Easy-to-use Dashboard
- Data logging
- Integrated Tier Sheet Handling
- Visual Factory Features
